EDUCATION

Master of Landscape Architecture (MLA) 2010
University of Minnesota, College of Design, Minneapolis, MN

Bachelor of Arts in Psychology (BA) 2003
Calvin College, Grand Rapids, MI
Minor in Studio Art

WORK EXPERIENCE

Planner II 2016 - present
New York City Department of Transportation, New York, NY

In the Land Use Review unit, I administer a variety of development regulation application review processes—with a focus on the fast-paced Build-It-Back program—and engage in investigations pertaining to property jurisdiction. Key tasks include preparing maps and documents, reviewing site plans and technical drawings, and maintaining GIS databases.

Urban Designer/Planner II 2013 - 2015
Cunningham Group Architecture, Minneapolis, MN

In Cunningham's Urban Design studio, I engaged communities and neighborhoods in the development of visionary and implementable plans, including small area plans, corridor plans, redevelopment plans, master plans, and form-based codes. I was involved in all aspects of the process from beginning to end, including developing proposals, interviewing, designing conceptual site plans, organizing meetings, delivering presentations, managing the community engagement process, and writing and designing the final planning document.

Research Fellow / Direct Design Assistance Program Coordinator 2010 - 2013
Metropolitan Design Center, University of Minnesota, Minneapolis, MN

The Metropolitan Design Center is a research and technical assistance institution within the College of Design that works with local communities to address critical urban design issues in the Twin Cities region. As a Research Fellow and Program Coordinator, I engaged in a wide variety of research techniques to explore a broad range of urban issues, from green infrastructure to safety in parks. I also developed and produced analysis graphics, design graphics, presentation materials, and project reports.

SKILLS

- Site analysis
- Illustration, mapping, & graphics
- Site planning & design
- Community engagement
- Project management
- Writing & document lay out
- Adobe Creative Suite (InDesign, Illustrator, Photoshop)
- ArcGIS, MAPublisher
